When I was nineteen years of age, I did not realize that God was dealing with me about my life. Let me tell you what happened that lead me to God. I was living in Baltimore Maryland on Mount Street, in a small 1-bedroom apartment that I was having a good time. However, when I got home I became very sick for about five days. I was all alone and very scared.

The next day my sister, Marlene came, pass my apartment and helped me to recover. Then she began to talk about the Jesus Christ. She explained to me that Jesus Christ died for my sins and that He loved me and paid the price for me on Calvary. I did not want hear anything about the Lord, so my left the apartment. Marlene returned the next day and talked more about Jesus. Therefore, I told her, "Okay that I would go to Church with you, and when I get back home I am going to drink and party again.

My family did not know about me. I became afraid and wanted to leave the Church. However, I stayed. Then a lady named Sister Pat asked me, "would I like to receive prayer". I told her "sure", but when I finish, I am home to party and drink again.

A prayer line formed and that is when the Holy Spirit touched my life. I began to ask God to forgive me for all my sins and cleanse me from all unrighteousness.

When I got to "Faith Tabernacle Church, pastured by R. G. Hardy, God touched me so powerful that I was shouting and praising God, speaking in an unknown tough, after everything was finished I found myself under the Church pew under the power of God. "Hallelujah, I, am saved.
